

Help us to celebrate the 80th anniversary of V E Day on 8 May.

To honour the courage of the World War II generation and to mark 80 years since the end of the war in Europe, we are asking Merton residents of all ages to display our dove of peace in their windows.

Colour or decorate the bird in any way you like, or even leave it plain. Then stick, or hang it in your window so it is clearly visible.

Keen crafters can also use our template to create a decorated fabric version, as a 2D or padded 3D peace emblem.

You can also link several doves together to form a garland.

We hope you enjoy this simple act of celebration.

Please display your dove so it can be spotted by passers-by, particularly children out on walks.
