

DECORATE A WINDRUSH DAY KITE.

There is a strong tradition of kite flying in the Caribbean, particularly at Easter time.

On Good Friday or Kite Day, the blue skies above the islands are filled with hand-made kites, many featuring beautifully coloured designs.

We are asking Merton residents of all ages to cut out and colour our kite, then hang it in their windows to celebrate **WINDRUSH DAY**.

Decorate it and add a ribbon or paper tail - the design is up to you. The main thing is to have fun.
